“My Soul Doth Magnify the Lord”

Mother Mary

From: COS Light Network

Mother Mary is a beautiful, powerful Ascended Master of great love, wisdom and compassion. She exquisitely exemplified the Motherhood of God in her role as the Mother of Jesus the Christ. She was also embodied as High Priestess in the Temple of Truth in the early days of Atlantis where she tended the Emerald Flame while studying the healing arts, the sacred science of the immaculate concept and the disciplines required to magnify God Consciousness. As Divine Complement to Archangel Raphael, Mother Mary continues to serve the Earth from the emerald ray of healing, truth and science. As Mother of the World, she protects women and children and intercedes in the ministration of healing on all levels. Her music keynote is Ave Maria.

The Madonna of the Roses by William-Adolphe Bouguereau

Mary is from the Angelic Host, and embodied on our planet to exemplify the Motherhood of God and give birth to Jesus the Christ. She was a Divine Priestess of the Most High God in the Temple of Truth in the early days of Atlantis. She tended the Emerald Flame of the Fifth Ray, studied the healing arts, submitted to the disciplines required to magnify the Consciousness of God, and experimented with precipitation and the sacred science of the immaculate concept. At the conclusion of her last physical embodiment, Mary experienced a bodily Ascension without passing through the change called death. In the Catholic Church Pope Pius XII proclaimed this fact as a dogma of faith, calling it the Assumption of Mary into Heaven.

BRINGING FORTH THE LIGHT OF THE MOTHER

Beloved Mother Mary

"Children of the Diamond Heart, "I AM Mary, the Mother, your Mother, the one who holds the Immaculate Concept for you day and night, lifetime after lifetime. I will continue to do so until your Victory, at which time you will be called upon to hold the Immaculate Concept for those who are yet to ascend. This is the practice that you must learn to master throughout your incarnation — how to hold fast to the understanding of the Perfection of the Diamond Heart.

"The Light of the Mother is veiled to you as a child, and only awakened at night while you sleep, lulled by the song of the Mother's Heart. The Mother's Light is veiled to you as a youth until there is the mastery and the understanding of the wise use of the kundalini fires. The Mother's Light is veiled from the aspirant, the new disciple, who, although exuberant, is not yet guarded and trained in the wise use of the Sacred Fire, and whose ego is not yet harnessed to the Divine Ego directed by the Will of God. That aspirant, once having determined to pursue the Path, must then take on the garments of Wisdom. "The Mother's Light is veiled from the Son and Daughter of God until such time as there has been sufficient application of the right use of all that has already gone before — all of the talents, all of the gifts, all of the treasures. Look about and see where there is the need to fine-tune those gifts already present within the folds of your garment. Once mastered, the Mother's Light will be unveiled, and you will discover that lying just below the surface there has always been the fullness of the Abundance of the Love of God, the Light of God, the Truth of God, and all of those God Qualities that you desire to achieve. . . ."--Carolyn Louise Shearer, May 14, 2000

I call upon Mother-Father God Creator Most-High, The Angels and Archangels, The Mighty Elohim, The Councils of Light, the Trinity Lords of Light, and all the Beings of Light from on High that I personally acknowledge who wish to join me in this invocation of Highest Potential. I call upon my Mighty I-AM Presence to merge with me in this now-moment. And I call to Mother Mary, Queen of Heaven, arbiter of Truth, Wisdom, Love and the Immaculate Heart. Be Thou with me now. Come, Beloved Virgin of Love and Healing, truth and Gentleness and teach me the in-most wisdom of my Heart. I call upon you, Beloved Mother of the World, to overlight me today, fill me with your loving Cosmic Gold-White radiance, and lead me in the paths of Love and Light, so that my soul will learn to magnify the Lord, even as Thee hath said unto the Angel of god. O Beloved Lady of Peace and Tranquility, let your gentle, loving presence flow into my field of energy; lead me to the inner sanctuary, the secret hiding place within where God and the I-AM that I-AM dwelleth together. O Mother of the Light of the World, teach me the music of Truth and beauty, and grant me Thy Grace, so that I may learn the ways of the Kingdom of Heaven; so that I may find the inner paths of Light; so that I may be All that I-AM in the Realms of Light of my Highest potential. Let your beautiful blue-green Radiance fill me with the Highest potential of love, compassion and grace. [pause for a moment]. Now, with all my heart, I send this beautiful luminous blue-green ray of Highest Potentials into the world; as Master and Teacher, as Student and Adept – to assist all life on this earthplane to embody their I-AM Adam-Kadmen Blueprint, their Perfect Electronic Body of Light; that we may all find our pathway Home! Mother Mary – Affirmation of Healing & Upliftment

©/2011-Rev. AliceAnn

O Beloved Mother Mary, you who have long been in the Temple of Truth and Healing, overlight me today that I may know Thy loving presence and grace. Lead me in the path of healing and upliftment, that I may know love, joy and loving kindness; that I may realize my true God-Self in the Light of the Mother-Father God. Help me to find my way upon the earthplane and ascend to my highest potential. Heal Thou me in all things that hinder my upliftment, and help my family and friends to know that this path of Liberation is not only for me, but for them. I choose to be in Service to God in Life, through service in Love, just as you have when you served in the Temple of Healing and Truth on Atlantis and when you mothered our Beloved Jeshua in your lifetime as an Essene adept, and when the Beloved Archangel Gabriel came to you and recognized the purity of your loving heart. O Mother Mary, queen of Heaven, together with Archangel Gabriel, bring the Golden-White Flame of the immaculate Heart deep within my heart chakra, that it may dwell there now and for-evermore. I am the Light, I am the Love of god, I am All that I-Am. And so it is. Amen.

TEMPLE OF THE SACRED HEART

*Photo: Copyright © GilbertWilliams / Contact: www.GilbertWilliamsGallery.com

Description: There is a Temple of the Sacred Heart at inner levels. It is under the direction of Mother Mary. The Temple stands in a very beautiful setting of spacious fields which stretch out around it as far as the eye can see. Grass almost knee high and beautiful flowers . . . fill these fields. The Temple is of Grecian style with marble steps leading up to it from the surrounding Elysian fields. The colonnades are all covered with beautiful pink roses.

During the month of May at Inner Levels the souls of all the lifestreams who can be admitted take embodiment within the next twelve month period appear before the Lords of Karma. They choose which ones will have opportunity to embody. Some applicants for embodiment become eligible automatically by reason of completing a cycle of time at inner levels according to the evolution of their souls. The less evolved sometimes remain out of embodiment a thousand years, and automatically at the end of that cycle they come in a hand with a sponsor to apply for bodies. For the more evolved individuals it has been a hundred year cycle.

(continued)

The dedicated students individually often times waive the right to stay at inner levels and apply for embodiment almost immediately. All these souls who are given opportunity to take embodiment within the following year, gather at Mary's Temple of the Sacred Heart, they come within Her radiation and receive Her blessing. In their etheric bodies the individuals come walking through these magnificent fields from all directions under the blazing Light of the Inner Sun. The Temple of the Sacred Heart is dedicated to the action of drawing together the substance which will form the heart, the chalice of the Threefold Flame. Since entering the Realms of Light it has been Mary's privilege and great service to Life to help fashion the matrix of the physical heart with elemental essence for each child that is to be born, into which the Immortal Flame of Life will be anchored.

Each one who has received opportunity to embody comes before Mary and presents to Her his elemental substance, the energies which are to form the vehicle (body) for the embodiment, through which the soul may seek understanding and ultimate freedom. Mary, with the soul, passes upon all the elemental substance used in previous embodiments, which is to fashion the body for that whole lifetime. The best and purest cells, the best elements of that substance which one had qualified through the ages, is selected. Out of this, Mary with the soul and body elemental fashion the heart in which will abide and function the Threefold Flame through that whole embodiment. Some do not have sufficient good substance of their own to make the heart, so where the Law permits, Mary draws forth from Her own Causal Body what is required to make up the deficiency.

Affirmation of Rebirth:

©/2011-Rev. AliceAnn

Beloved Mother Mary, Beloved Archangel Raphael, and all the Guides of Heaven who are assisting me in my re-embodiment. I ask that you take me through the gardens of the Sacred Heart temple and gently guide me to my next incarnation, my Highest Potential for who and what I am, and where I have been. I ask to be conscious of all these things, so that I may grow in Wisdom and Love and I may come to Serve the Father in all things. Now and For-evermore. Amen.

Temple of The Resurrection

RESURRECTION TEMPLE

*Photo: © GilbertWilliams / Contact: www.GilbertWilliamsGallery.com

Description: The Resurrection Temple is located in the etheric realm over the Holy Land. It is an exquisite circular temple of blazing white substance that is self-luminous and radiates the tones and melodies to be found within the "Ave Maria." The central Flame Room holds within it the concentrated Focus of the Resurrection Flame guarded and sustained by Archangel Gabriel, whose Cosmic Service is to bring to life again the remembrance of the God-image in which every man was originally created and which it is each soul's destiny to outpicture and manifest thru the flesh form. Together with beloved Gabriel, the Ascended Masters Jesus and Mary have taken the responsibility of drawing forth the Sacred Fire from the Heart of God to sustain and expand that Activity of the Resurrection throughout the planet Earth, infusing it into those who aspire to redemption and wish to return to their Firstborn Purity and Perfection of Design. The beloved Maha Chohan from this Temple directs the Resurrection Flame thru the Forces of Nature to produce the beauty and opulence of the seasons of promise and of harvest.

The sincere student should ask to be taken to the Resurrection Temple each night while the physical body sleeps and there look upon and observe one's own Holy Christ Self in action. If the students could have this proximity to their own God-Image for 30 consecutive nights, much of Its Nature would be impressed upon their etheric consciousness and drawn back into their waking consciousness and into their flesh forms as well. It is the kind office of Gabriel Archangel of Resurrection to flash the Flame and Ray of His own Cosmic Heart thru the consciousness and feelings of all who sincerely desire to know the Glory they had with God before the world was. He performed this service for beloved Mother Mary when He brought to Her the word that Jesus was to be born thru Her physical form. If the students will ask beloved Gabriel to help them to realize and accept their own Holy Christ Self and to become that Christ Self in action, they will have the added assistance of His Cosmic Pressure and Blazing Consciousness which does resurrect the Divine Memory of the God-Design in which all were made, and from which many strayed in the centuries of pursuing happiness in sense pleasures.

 - Violet Flame of Transmutation: When called into action by Invocation, it starts manifesting itself, accelerating the vibratory action of the electrons which make up the atoms which compose the four lower vehicles of the individual; thus, automatically throwing off the effluvia consciously or unconsciously gathered through the ages; purified, the atoms are returned to the individual with the required specific God quality; The time required for the transmutation depends upon the amount of the effluvia, the faith with which the effort is done and the perseverance of the individual; this is a performance of Mercy, Compassion and Forgiveness, as the Violet Fire dissolves imperfect energy when accompanied with the actual feeling of Forgiveness; Forgiveness is the great alchemy through which we can draw the Blessing, of the Sacred Fire, not only on us but on all mankind

I AM AS GOD

Message / Mother Mary

From: Ascension Research Center

"Blessed Children of my Heart, I entreat you into the great reservoir of Light that is within the Heart, for therein is the pathway, the open door, to moving within the Realms of Light — a Realm where you may determine, by conscious will, the Wisdom of your God Presence as the election and determination moment to moment. Within the Realm of the Heart is the understanding of what is meant by Life; how you may orchestrate that Life in accordance with that Divine Will; how you may see into the great vastness of your own coming events that are to be outplayed, for they are determined by the Heart of your God Presence, they travel on consciousness that is directed from the Presence and deposited in your mind by the Holy Christ Self. This direction allows you to understand what are the transgressions of life in which you have engaged, where you must attend to the Heart of another, where you are required to engage in an acceleration to call forth that Light into your affairs. This direction is essential to your ability to climb the ladder of Attainment; to expand the borders of your consciousness; and to become masterful over the great Elemental Forces of Nature, the Pranas of Life.

"When you neglect those areas of life where you are prompted by your own God Presence to attend, you put off many cycles that would otherwise prepare you for the coming events of the fulfillment of your Divine Plan. When that Divine Plan goes awry, when there is not remaining opportunity for its fulfillment, the Law requires that the Presence call home that one into the Heart for greater preparation so that there may be an expanded awareness on the return current into incarnation. This is not a travesty. Oft times it is a blessing to the one making that acceleration a part of their ongoing life. But it is never easy for those left behind to carry on in the absence of one who has become so familiar, so dear to the Heart.

"I speak of this, for many who are new to the understanding of the Teachings that come forth from the Ascended Masters are wont to follow all manner of negative connotations regarding the passing and transition of one's life. When the Divine Plan is in process, when every erg of Energy streaming forth from the Presence is put to wise use, is expanded, is drawn into the affairs of one's life, opportunity is extended — days, weeks, even years, added to one's life in the physical octaves to continue to expand the awareness of God, the Light of God, and the fulfillment of the Will of God. This is the great Power that is held within the grasp of your Holy Christ Self, for Wisdom has imparted through Illumination's Flame the understanding of the conveyance of the Power of God to create, to heal, to use wisely opportunity.

"Merely because one may go on in the transition from the physical octave to the inner planes and Realms of Light does not always mean a neglect of the Divine Plan. Oft times, it is so one may be prepared for the right cycle to re-enter through the planes of the physical octave and begin the next course and study of the schoolroom of Earth. For cycles are set in motion not by the planets or the stars, but by the Will of the Presence, by the collective Consciousness of Cosmic Councils, by Dispensation of the Karmic Board, and by the balancing of one's own karma. The more karma that is balanced within a given lifetime, the greater is the preparation for either the Ascension or the next lifetime. For the Cosmos and all lifestreams, both Ascended and unascended, are not stagnant in a fixed expression and vibration, but are constantly changing, responsive to the Light of God moving within the conscious direction that comes forth from the Allness of God and the awareness of the Individuality of the I AM as God.

"These are magnificent contemplations for you to begin to consider should you be new to these instructions — how you are determining the cycles of your life here and now, the choices you make, the determination that you mount, the vibration that you conduct — all this is determining your life. Your wellbeing and health are a product of the Light that you call forth into your life, of the balancing of your karma or of the karma of the collective whole of those with whom you associate. . . . "
