Paul the Venetian is the Lord of the 4th Ray of Harmony Through Conflict highlighting love, beauty and generosity. Born Paolo Cagliari (1528-1588), he was named "Paul Veronese" after his birthplace in Verona. Paul the Venetian is known for his creativity, generosity and love of beauty. His motto is "Love is the All-in-all.". Throughout his many creative lifetimes he was recognized as a spiritual revolutionary who saw Beauty as the most powerful catalyst for enlightenment. His lifetimes were in Atlantis, where he transferred the Liberty Flame to Peru; the Incan Civilization, where he brought wealth and beauty through his art to the Empire; the Age of the building of the Great Pyramids where he created works of esoteric majesty along with the Master Builder El Morya; and an Italian Renaissance master artist who through his love of the Divine brought life to sacred sculptures. He ascended as Paolo Veronese on April 19, 1588 from the Chateau de Liberte in southern France after his passing at the age of sixty. You can call upon

Master Paul the Venetian to help you understand perceived conflict in your life, let go of stagnant relationships, and strengthen your creativity and love for the beauty that is the Divine in you and in all things. He will also assist with the balancing of the heart chakra, tolerance for all beings, and initiation into the ascended life.

At the etheric level it contains classrooms with paintings and art work of every kind from all ages and races and cultures, as well as workshops for musicians, writers, sculptors, and students of voice. Here the masters introduce new techniques in every field of art. And here the Goddess of Liberty, sponsor of Paul the Venetian, brought the Flame of Liberty from the Temple of the Sun on Atlantis (located over present-day Manhattan). The impulse from this Flame compelled the construction of the Statue of Liberty, a gift from the people of France to the people of America. <p>Temple of the Sun, New York</p>

“ . . . No man need affirm that he is a disciple of the Holy Spirit. His kindly eyes, his gentle smile, his helping hand, his embodied virtue, speak for him. Within the individual who truly loves his neighbor as himself, there stirs the renewal of the Spirit of the Most High. The sweet perfume and Essence of Divinity pouring forth from such a one brings Peace, Hope, Faith, Grace, Healing and Spiritual Illumination. Even if such a disciple should speak not a word in the course of an entire lifetime, the Spirit of God, through him, could do more than a thousand zealots whose souls are still locked against the Gentle Presence. . . . ”—Paul Veronese, channeled May 29, 1955

GODDESS OF LIBERTY

Service to God in Life

"God Consciousness"

The Consciousness, or Awareness, of one's True Self as the Manifestation of God

The Awareness of the I AM THAT I AM, or The Mighty I AM Presence, in and through and beyond oneself in universal manifestation

The Ability to maintain this conscious God Self-awareness - omnipotent, omniscient and omnipresent - wherever oneself, as Being, is and declares in the fullness of the Light, "Lo, because Thou art, I AM".

The State of God Self-Mastery whereby one maintains this Vibration in Divine Wholeness of the Alpha / Omega principle in the planes of Spirit / Matter. The plane of God Consciousness is the Kingdom of God — and All Who dwell in the Ascended Master Octave (above the levels of the lower three octaves of this Earth) are truly extensions of God's Own Consciousness — in the Highest Expression of Love.

Historical and Literary References

- While embodied on Atlantis, The Goddess of Liberty erected the Temple of the Sun. With the sinking of Atlantis, the physical temple was destroyed, her flame was carried to the land of the Incas. The etheric counterpart remains on the etheric plane where she continues to focus the Flame of Liberty on the central altar surrounded by twelve shrines dedicated to the Twelve Hierarchies of the Sun.
- The Goddess of Liberty was known in antiquity to the Greeks as Demeter.
- Liberty" for Her complete and wholehearted identification with the Divine Quality and Flame of Liberty - Her "God Consciousness" of Liberty. Her statue on Liberty Island (formerly Bedloe's Island) in New York harbor portrays the figure of Longfellow's "Lady with a Lamp," whom he prophesied "shall stand in the great history of the land, a noble type of good, heroic womanhood." She is the archetype of the "Woman clothed with the Sun" and the new age woman - inspiring the nations to Illumined Action by the Torch of Illumination and the Book of the Law.

The Fourth Ray of Harmony through Conflict

From The Melchizedek & Pleiadian Light Network

Ray Master: Chohan Paul the Venetian Overlighted by Archangels Gabriel and Hope and Elohim Purity and Astrea; Qualities: Physical courage, quickness of intellect and perception, purity, beauty, generosity, strong affections and devotion; Color: Emerald green; Chakra Center: Base (root).

This ray is primarily about understanding the perceived conflict in your Life that you may still be choosing. It is also about letting go of old relationships and people that are no longer suited to you energetically. In many instances, it shows a person who is stagnating with their creative energies. You have aspects of seeing your creative gifts, and being the wild woman/wild man energy, but can't maintain this in your reality. The key is to work on your judgments and false beliefs, to trust in yourself and also to look at your issues of self worth and self-esteem. It is also possible that you may experience problems in relationships of Love particular, or use your sexual energy in an inappropriate manner. The positive side to this ray shows a person who is ready to utilize their creative energies, and take a big leap of faith into the Abyss, and the jewels that are yours for the claiming. It is further about appreciating your Self and others.

Suggested Invocation

©/2011-: Rev. AliceAnn

I call upon my Mighty I-AM Presence; Mother-Father God and the entire Company of Heaven and all the Beings from on High that I personally acknowledge. I call to Paul the Venetian, Archangels Lord Gabriel and Lady Hope, the Elohim Lord Purity and Lady Astrea and the Goddess of Liberty to overlight me and bring the Divine qualities of courage, intellect and perception, purity, beauty, generosity, strong affections and devotion into my life and practice. I ask that Beloved Paul enlighten me with pure intention for my sacred path of upliftment, and show me the beauty and love that exists in all things. O Beloved Paul, send forth your radiance to guide and strengthen me, teach me gentleness, generosity, unconditional love and creative inspiration; so that I may find the Beauty of my divinity within; so that I may ascend into my Higher Light, and so that I may find God's peace and harmony within. I now ask that you send your powerful Emerald Green Ray to all those places in the world that need resolution, harmony and God's peace. May the Light of the World shine forth to all sentient beings and may we find peace in our day at the end of this cycle. And so it is. I AM Love. I AM Light. I AM All that I-AM! (Amen).

Prayer/Affirmation to Ascended Master paul

©/2011-Rev. AliceAnn

O Beloved Paul Veronese, I ask that you overlight me today. Teach me the path of discipline, beauty and purity. Initiate me into the paths of Divine Love and freedom. Guide me in the resolution of all my earthly conflicts and disharmonies, that I may find peace within and without. Lead me through the seven levels of initiation and help me to understand all the things that I need to release in my life that keep me from the Higher Life, the Path of Liberation, the path of ascension. I choose Life, I choose Love, I choose Divine Freedom. Amen.

 - Violet Flame of Transmutation: When called into action by Invocation, it starts manifesting itself, accelerating the vibratory action of the electrons which make up the atoms which compose the four lower vehicles of the individual; thus, automatically throwing off the effluvia consciously or unconsciously gathered through the ages; purified, the atoms are returned to the individual with the required specific God quality; The time required for the transmutation depends upon the amount of the effluvia, the faith with which the effort is done and the perseverance of the individual; this is a performance of Mercy, Compassion and Forgiveness, as the Violet Fire dissolves imperfect energy when accompanied with the actual feeling of Forgiveness; Forgiveness is the great alchemy through which we can draw the Blessing, of the Sacred Fire, not only on us but on all mankind

What is it that your heart yearns for? Is it not the desire to be in harmony with self, and to experience oneness and unity with all and with God? Step into this ashram, and together we will explore ways to express this harmony, for in expressing we are allowing ourselves to be!

Blessings of peace to you,

Paul

Message from Master Paul

From: Acension Research Center

". . . Do you not understand that all of the problems of the planet on a planetary scale can be transmuted in the Flame of Love? This will take place more and more as you bring your consciousness into congruity with your Christ Self. In some of you that Christ Self is hovering perhaps an eighth of an inch or a hundredth of an inch from full congruency with all of your chakras and your mind and heart.

"Call, then, for the transmutation of the blockages to the meshing of your consciousness with the Consciousness of the Christ. Call for that Christ Flame to press in and through you. Call for that Christ Consciousness to take over your life, to purge you of all darkness.

"I want your hands to be the Hands of your Christ Self. I want your very skin to pulsate with the Frequencies of the Fire of that Transparent One, that Image of Life. I want you to be, through and through, the Frequency of the Christ. For by that Love, the planet will be transformed and mankind will know that Love has returned. For your own Logos, your own self-awareness in the Christ Consciousness is the fulfilling of Law as 'Above, so below.' It is healing. It is science. It is Victory. Love is the All-in-all."

Words from the Beloved Goddess of Liberty

Extracts from: Ascension Research Center

I

"I AM the Spirit of Liberty, the Guardian Presence of that Virtue from the Heart of the Great Sun of this System, endowed with the Responsibility, the Obligation and the Opportunity to cultivate and keep Liberty and Love of Liberty alive within the consciousness of the evolutions progressing upon the planets of this System. It has been My Service through the ages, since I first accepted the assignment of magnetizing, condensing, holding and radiating the Quality of Liberty from the Electronic Belt around the Sun, to nourish and develop the desire for Liberty within all Life, to keep alive within the minds and hearts of the people of the planets that Innate Cosmic Quality which is part of their own God Heritage. Many, many of the Virtues which represent the Twelve-fold Nature of the Deity would have been completely forgotten, were it not for the Temples in the Electronic Belt around the Sun and the Beings Who, within those Temples, concentrated the Positive Ray of that Virtue which They represent, as a Pressure into the atmosphere which is breathed into the outer consciousness with the breath. The Virtue of Liberty and Love for Liberty has been guarded and guided by My Lifestream into the hearts of those who have been chosen, by their own affinity to this Quality, to establish and sustain Foci of Liberty at various points on the Earth's surface and, at various times on the screen of Life, particularly when the Light of Liberty grew dim and tyrants and despots refused to allow the Flaming Presence within the heart to express through the masses ... Into many a heart have I anchored My Flame, by the side of many an earnest man and woman have I stood and, pouring the pressure of My Love of Liberty throughout that one, enabled them in the face of personal peril, to stand against despotism and tyranny. Then they built again a sanctuary of Liberty of conscience, Liberty of opportunity and Liberty to pursue that course which their hearts desired. One day, when your service to this planet has been completed, when you have taken the stand within the Immortal Flame of Life within your heart that you will not take dishonest liberties with Life, when you allow the Christ-Spirit in mind and feelings, in word and action, to go free, one day you will have served enough! That shall be the happiest day in all My experience when I say to you: 'Beloved, you are at Liberty to be released from the wheel of birth and death forever, at Liberty to come home and go out no more.' For this moment I long, as every mother longs for the return of her children to their perfect estate, and for this I serve with you and by your side. Use not Liberty Lightly! USE IT WISELY, in the consciousness that what you do with Life today will build your tomorrow."

“With the coming of the Manu Yuga, understand that the Manus of the various Root Races intend to focus a great magnitude of Cosmic Light and Life to those Lifestreams who tie directly to Their Hearts. This is the reason for the great volume and intensity of Light when They approach the Earth. For the galvanizing Magnet of the Heart Flames tied to Their Cosmic Hearts strengthens and shifts the planetary Currents which are also tied directly to Them. When the Manus are present for the formal Quarterly Conference and in this Heart Center delivering Their Instruction, know that throughout the entire twelve day cycle, the release of Light will be great indeed, and will require all the Lightbearers of the Earth to hold a greater than ordinary balance. THE ASCENDED MASTERS ARE ALIVE AND WELL IN THE EARTH! And I, the Goddess of Liberty, stand to proclaim it! Not only am I focused through My Statue in New York Harbor, but also I stand here tonight in the upper atmosphere to release the Light of Liberty around the World! You shall have the Liberty to make the right choices for your life, because ultimately what is right for your life is right for the planet and will help to bring about the Golden Age! The time and cycle for America to awaken and for all the Lightbearers of Earth to awaken to their own God Presence is now!”—

No specific good would occur in the community of being by forcing the separated segments of the Universal into an unwilling alliance; for there the liberty of oneness would be ignored and the pull of the senses, like snorting wild steeds, would create its tides of restless energy to pull man away from the balance of true being. Only the pull of the sun center of universal reality, only the recognition by mankind en masse of the great laws governing cosmos and the spread of understanding about cosmos can develop within the unfolding identity of the individual a sense of the harmony of universal liberty. The Masters of Wisdom in their great outreach in every age and at the beginning of this century have not neglected to inform mankind about the reality of the Brotherhood. The cloak of religion, which has smothered rather than swaddled mankind's beginnings in truth, has masked the face of creative expansion, set brother against brother, absorbed mankind's energies in fruitless struggle, and weakened the plan of the Brotherhood for the unity of this age. As we inspired the leadership of Abraham, Noah, Moses, and other great patriarchs, as we spoke through Zarathustra, Apollonius of Tyana, and Jesus, as we released holy wisdom to Socrates, Plato, and Emerson, so did we come through Madame Helena Petrovna Blavatsky in *Isis Unveiled* and *The Secret Doctrine*. We have also released our instruction through other adherents of divine truth, both metaphysical and occult, until the occult law was set aside and the pure passion of the flames of liberty and truth was unleashed in the early 1930s. Man—caught in the miasma of his separatist dream, deigning to be fooled—has created a thousand foolish splinters that have taken him from the truth center of his being. It is not that the germ of reality and truth is not active within the many spiritual organizations upon earth; it is simply that individuals do not grasp truth when they find it but prefer instead to form their own anthropomorphic God (a god made in their own image) and to embrace concepts that are foreign to reality.-- Through: Mark Prophet, 1968
