Quan Yin, Bodhisattva of Compassion

From: Inner Lightworkers / UK

Quan Yin was adopted by the Buddhists as an incarnation of Avalokitesvara (Padmapani) and is invoked with the mantra Om Mani Padme Hum – "Hail to the Jewel in the Lotus". According to legend she was born from a ray of white Light emitted from the right eye of Amitabha, the Buddha of Boundless Light, thus she is seen as an enhanced emanation of great compassion, the quality embodied by Amitabha. Quan Yin provides the high-reaching and far-sighted perspective over and through the realm of opposites and polarities, transcending and dissolving all conflicts and bringing harmony. She has many sanctuaries around the world, but all are to be found in the lofty heights of mountain peaks. She has also petitioned God and been permitted to apply the Divine dispensation of Mercy and compassion for all of humanity and beings on Earth.

the Mother Goddess of Mercy:

The laws of Karma demand swift repayment for each karmic Law we violate, but the grant of mercy sets the burden aside for us until the wisdom and ability to deal with it is attained – this means reaching the stage whereby understanding permits the giving and receiving of true forgiveness in the form of true atonement (the state of being at one-ment with ones Divine Nature). She accordingly works with Lao-Tzu (her Twin Flame) and the Flame of Mercy to dispense this compassionate form of justice. This Flame is the colour of orchids – deep pink / purple (Divine Love tempering the Divine Will of God), thus being composed of a combination of rose pink and purple Rays. The purple Ray contains more of the blue of Divine Will than the violet flame, and has a deeper cleansing action to the etheric bodies, especially the spiritual etheric bodies (layers 4 and above). This will help to clear records of the past (including past lives) that may be buried deeply within the subconscious. It is this transformation that is Lao-Tzu's speciality, tempered by Quan Yin's compassion. Know too that forgiveness and mercy works both ways – if we expect it, then we have also to give it to others. Quan Yin can also therefore help us release our hurts and truly forgive those who may have hurt us. We need to see that to hold on to our reactive feelings about wrongdoings against us harms us more than the wrongdoer, and we need to forgive and forget if we want to be truly at peace with ourselves: if we can recall the memory of a misdeed, then we have not truly forgiven. Quan Yin will work with us in attaining the qualities of compassion, forgiveness and love. She wishes us to be able to heal our heart chakra and emotional body of its wounds, and does this through restoring self-confidence and helping us to remove emotional blocks which may prevent us from moving forwards in life. Many people have been hurt or affected in some way by things that have happened in their upbringing (and even in past lives). These may leave one feeling unloved, unsure of who and what one is, or even identifying with and taking on the archetypal energy of "victim". We need to resolve these feelings which are not a part of our true selves, and see ourselves in our true lights as who we really are. When we understand that we are lovable and loved, this enables us to be loving and forgiving towards others.

***Note:** Lady Master Quan Yin is a member of the Karmic Board for this planet. The Karmic Board dispenses justice to this system of worlds, adjudicating karma, mercy and judgement on behalf of every lifestream. All lifestreams pass before the Karmic Board before each incarnation on earth to receive their assignment and karmic allotment for that lifetime. They pass before the Karmic Board again at the conclusion of each lifetime to review their performance.

More About Lady Master Quan Yin
From: Ascension Research Center

Lady Quan Yin ... embodies the qualities of compassionate and loving kindness and she is also a powerful Master of healing. She heads the Temple of Mercy which is situated in the ethers over the foothills of the mountains north of Beijing, China, which is also the retreat of her and her twin flame, Lao-Tsu. This temple is said to have a central pagoda with a golden dome, rising above 12 surrounding pagodas, each of which focuses the Yin and Yang qualities of the 12 Solar Hierarchs. Within each of the 12 temples one can hear the "music of the spheres" which encapsulates these energies, and hanging over each doorway within each temple are pieces of crystal mounted in a precious metal that chimes each temple's note as the winds blow through them. Quan Yin is the Divine Feminine aspect within Buddhism, equivalent to Mother Mary, Isis and Shakti in other world belief systems. Her full name means "She who listens to the cries of the World" and she has vowed to remain in the earthly realms until all other living souls have completed their own enlightenment. In many images She is depicted carrying the Pearls of Illumination and longevity, which were created by Lao Tsu and are connected to her role as Chohan of the Pearl Ray. She is often shown pouring a stream of healing "Waters of Life," from a small vase (she refers to this as "The Flask of Immortality"). With this water all living things are blessed with physical and spiritual peace. She may also hold a sheaf of ripe rice or a bowl of rice seed as a metaphor for fertility and sustenance. Some also see her riding a dragon, both an ancient symbol for high spirituality, wisdom, strength, and divine powers of transformation, and a symbol of the serpent and the polar and complete energies held by Lucifer/Lux'eon. Her symbol is a lotus flower, and her electronic signature a 5-petalled lotus.

WORDS FROM LADY QUAN YIN

“Your life is waiting for you to observe the authority that you have, by your willingness to observe the changes in your physical body, the changes in your mind and feelings, the changes in your relationships, the changes in your world of experience, career, ministries, as you now become the Flame of Authority and realize you are restored, you are the Light, and all that is not the Light must leave you. All of us in the Ascended Realms are lining up to offer Our Ascended Master Presence to help you to knock down the doors of human consciousness, to melt away the veils of human life and to bring forth within each of your lives on Earth your Mighty 'I Am' Presence.”

“As a member of the Karmic Board, I Kwan Yin, am the first to speak out for those who have struggled against all odds and have no place to turn in their life save to the Presence of God. When they have recognized this as the Court of Last Resort with which they can count on, I will then plea for their case and put into the Treasury of the Allness of God my Momentum in the Violet Flame as Mercy, Forgiveness and Love, so that that one may try once more to hold on to the Hand of God. Time and again there are those that have reported and given witness to some miraculous occasion in their life that assisted in bringing forth an action of God that they felt unworthy to receive, and yet the manifestation was its own witness to the Presence of God that had intervened in their life. Why have I come in such a solemn tone? It is because, Blessed Hearts, many of you still struggle and know not why you have not received the Blessings of your own God Presence, why the Ascended Masters have not stood in your Presence and parted the way for you to see what was the next step for your lifestream to take. May I testify to you They have indeed stood in your Presence and, We together, have parted the seas of human creation, holding them back long enough for you to see and to partake of the Consciousness that the Presence of God, in the One Wisdom, the One Love, and the One Will of God proclaimed for this cycle. We have taught, we have held, the Consciousness of Our Own Momentum close at hand, to pour out upon your wearied brow. So do not say that God has failed you - because you have not made room for God”.-- through Carolyn Louise Shearer, August 1, 2010

The Eleventh Ray of Illumined Truth

From: The Melchizedek & Pleiadian Light Network

Ray Master: Chohan Quan Yin Overlighted by Lord Semveta, and the Brotherhood of the Light;
Qualities: Understanding, strength, stability, loving kindness, wisdom, generosity, abundance, compassion, equilibrium and balance, organization, and discernment; Color: Pink-Orange; Chakra Center: Third eye.

In choosing this ray, you may be experiencing increased levels of Spiritual integration through stability and balance, and the lifting of further veils of illusion. Old stresses have been released, and new structures are rebirthed through Higher Mind teachings and the Love-Wisdom of Mother/Father God, represented in this ray through Quan Yin. Thus we see a person, who has the ability to not only unveil but to integrate the secrets of hidden knowledge and bring them into form through the Divine Mother archetype of the Golden Age of Light. This person may also have the gift of healing, and work within this arena. This ray may also show a person who needs to release the stresses from within the body, and work with this beautiful pink-orange flame for cellular regeneration and to rebirth the body to a new level of vitality and good health. If you have good ideas but are unable to manifest them in form, this ray will assist in bringing increased discernment, abundance, strength, wisdom, insight and organizational skills. This ray further assists in connecting you to the realms of Illumined Truth through sincerity in action and the utterance of one's Spiritual reality.

Words from Lady Master Quan Yin:

"There are those Ascended and Cosmic beings that do indeed assist you all along the way to hold you up in those moments when you may be faltering along your journey, coming as they do to remind you so that you do not lose sight of the goal of the mission. And when you, in the Oneness of your own God Presence, elect to perform a task that is outside the Will of God, on the instant you will know, catching yourself before there is one erg of energy that passes through you creating any energy that would not rise to the level that your Presence would abide within. Perhaps this seems to those who are new to entering into the Path to their Ascension most difficult to maintain. For too long, their outer vehicles have been ruling their life and they have not recognized those areas that must no longer exist and therefore, at every turn, they are catching themselves and wonder at the end of the day, what of them is the Will of God, what of them is worthy? And I, Kwan Yin, would whisper to that one, your Heart Flame, that smile that has conveyed Kindness and Love, that action that you perform for another without being asked, without any expectation of recognition"-- through Carolyn Louise Shearer, August 2010

Message from the Lady Master Quan Yin

From: Inner Lightworkers / UK

“You ask me: "what is Karma?" Well, let me tell you this, it is not a punishment. It is, rather, a balance sheet of cause and effect that YOU keep for yourself. All of life presents you with lessons to learn, for that, after all, is the point of being in physical existence. If you had nothing more to learn, or if you had chosen not to learn but to remain in ignorance, then you would not have left the heart of God. And you need to see and understand those lessons from both sides, and to experience all aspects of life: happy and sad; calm and stormy; pain and peace. And you also need to gain the realisation that all actions have consequences, and that some actions bring you closer to your Christ-self - your Divine Self - than others.

If returning to Unity with God is your ultimate goal, then you need to live AS God: as a loving, compassionate and merciful being of Light. For it is that path that brings the most peace to your soul and the most joy to your heart. Can you imagine a life full of peace and joy? Try now.... You can have this if you choose, for you make many choices every day - you can choose to be humble and forgiving; loving and giving in thought, word and deed; a friend to yourself as well as a friend to others. You do not have to carry the burden of unhappiness or discontent, if you choose not to. Unburden yourself daily of all hurts, troubles and upsets that have beset your day and sincerely ask for the Flame of Forgiveness and Mercy to transmute wrongs (real or perceived) done to you, or that you have done to others and I will intercede for you.”

Message from the Beloved Ascended Lady Master Quan Yin

From: The Radiant Rose Academy / 2010

God bless you of Freedom's Family. I Am Quan Yin and I greet each of you from the Heights of Creation and Our own Ascended Masters' Octave in which all of Us in Our own higher stratospheres of Light seek to offer each of you the Flame of our Love in which We, as your elder Sisters and Brothers, seek only to awaken and make free the Mighty 'I Am' God Beings that you are, and to open the way for the most magical journey on Earth that waits for you to take. I greet you through Sacred Flame's Presence of Love, Mercy and Forgiveness.

In beginning My sharing with you, I will remind you, Dear Hearts, that the beginning of Love, the beginning of Mercy, and the beginning of Forgiveness always begins with yourself. Ultimately ye are the authority and the arbitrators of your Life. Life begins with 'I' and 'I' is always the authority for all that shall be, forever and forever and forever. You do not need to appeal to Me or to Our Heavenly Mother Father God in the Great Central Sun for either of these great Qualities to Life, but to rather to endow yourself, to forgive yourself, when there are human mistakes that are made.

I bring you greetings from a triad of three great Goddesses that I often place Myself in the centre of, and do We bring the special triangulation of our Service to Life to each of you, and wherever there is a heart that is open. In Our Ascended Realms of Light, I work most closely with the Goddess of Purity, the Goddess of Harmony and the Goddess of Peace, and when the four of Us come together, We create the Sacred Diamond Triangulation of which

I place myself in the centre of these three Beings, and We offer our Divine Service of Harmony, Peace, Purity, through Love, Mercy and Forgiveness to all who desire it.

In sharing with you today, My first gift that I offer you and bring to you from My Sacred Sisters, the Goddesses -- We offer each of you great Harmony, Peace and Purity through Love and Mercy and Forgiveness. And if you in your prayers will call this forth -- call forth from your Presence first, and then to My Being, Quan Yin, and then to Goddesses Harmony, Peace and Purity, for Our Ascended Master Peace, Purity and Harmony through Our Sacred Fire Love, Mercy and Forgiveness, passing through your mind, body and feelings, and then to make you such a focus of this Sacred Activity to the people of Earth, this We will do for each of you.

Your life is waiting for you to observe the authority that you have, by your willingness to observe the changes in your physical body, the changes in your mind and feelings, the changes in your relationships, the changes in your world of experience, career, ministries, as you now become the Flame of Authority and realize you are restored, you are the Light, and all that is not the Light must leave you. All of us in the Ascended Realms are lining up to offer Our Ascended Master Presence to help you to knock down the doors of human consciousness, to melt away the veils of human life and to bring forth within each of your lives on Earth your Mighty 'I Am' Presence.

Master Saint Germain met with Me last night in the great Conclave that is taking place in the Royal Tetons at this time, and He asked Me to bring forth this message to you. You are the 'I Am' Starseed. Seventy-five years of critical events, transformation, change of consciousness; seventy-five years of raising a tiny portion of humankind into the consciousness of 'I Am'; seventy-five years of experiencing and struggling with the human life and tasting the fruits of the Divine Life -- all of this was a great requirement, and all of this has passed. It is done. Your freedom is waiting for you, and you are asked to allow the great Dream of Life to break through the unreality.

All of Us are going to join you. You in these next three years are going to feel more of our Presence than you have ever felt before. Every acknowledgement of your own Divinity is going to bring waves of your 'I Am' Presence forth in which it seems that you have struggled in the past even with your spirituality and Divinity. Every acknowledgement of yourself as 'I Am' Starseed, as 'I Am' God Being -every acknowledgement is going to anchor the Light of the Love of your own Mighty 'I Am' Presence into your body, and is going to fulfill the Sacred Cross.

Today I ask you to give Me a gift, to surrender all struggle that is yet registering in your feeling side of life, and to let Me take, through My Own Christ Flame of Love, Mercy and Forgiveness -- let Me take that struggle from your emotional body, so that you can feel the Twelve Attributes of Divine Love and use those Attributes to build a life. Oh, my Dear Hearts, now, more than ever before, your outer life shall gain as great an importance as your spiritual life. You must now allow your outer lives to be fulfilled. Ye must hold a place within yourself where dreams are allowed to be fulfilled.

Therefore, I, Quan Yin, ask you to dream a new dream, to reach farther than you have ever reached before, for what you wish to experience in your life, for what you wish to be, for what you wish to have. To be as the Master Jesus offered: to be the sweet Prodigal Daughter, the Prodigal Son, in which you are returned and given everything again.

You are Resurrection's Flame, and you have the right to decree that it is over. All human consciousness is over. The belief in time, the necessity for time and space to create manifestation is over. All temporal experiences from our Octave of Light are commanded to stop their action in the Third Dimension. This decree is going forth at this very moment from the Conclave that is taking place in the Royal Tetons, that all human consciousness on Earth stop its action against the Light. If you know you are God, if you know you are 'I Am', if you know you are the Light, then you can say to any human limiting appearance, "Stop. You are the dream. I Am awake. You are not real. You have no authority. There is no time/space continuum. It is over."

Dear Hearts, this is your time, and all of Us are gathering to support you in your vision for your life, your Field of Dreams, and most important, to assist you in getting in touch with your passion, because now your great raising of your life will take place while you are out in the world -- just, Dear Hearts, as the raising of Master Jesus, the quickening of His body, took place in the last three years of His ministry. The quickening of Jesus' life did not take place while He was in the Ascended Master Schools. There He internalized it all, but the quickening of Light's vibration, of Love Supreme, did not begin until the moment of His baptism. And so now ye are baptized with the Holy Flame of Resurrection. The world is waiting for you. Go forth as Christ. Start with your own world. If you want youthful bodies -- We want you to have youthful, beautiful bodies. Then you must dream it, you must visualize it, you must see it, and you must know that aging -- that everything that is temporary, everything that is the human dream can be undone in a moment. But it requires your authority. And you are given three years to completely undo every human limitation in your life.

God bless you. God bless you and I thank you for your open heart. I will leave you with this one thought --if you will but crave your freedom as much as We crave your freedom, from everything human forever, you will have it. And you will go out in life and ye will experience all the wonders and the beauties of life. You were not brought to this world to deny the world; you are here to teach the world to do everything in a state of Love. You are Love's Eternal Flame. You are the answer.

Message from Lady Kuan Yin

From: Ascension Research Center

"For many years, I have been known as the Spirit of the Flame of Mercy and Compassion. I would like to speak to you about that Flame of Mercy, because Its presence is so important in the feeling world of those who desire to heal. No permanent healing of mind and body can come, just through effort of human will, beloved ones! Your feeling world is composed of far more than half of your Life energy, and the quality flowing through your feelings is the "conductor" through which flows that qualified Healing Essence into the world of the one whom you wish to benefit. Blessed ones, your feeling world is the bridge over which flows the gathered Healing Elixir of qualified Life, entering into the mind of the patient to dispel shadows, entering into his feelings to dispel depression, entering into his flesh to resurrect it and bring it new Life.

"Through the ages, there have been individuals who have practiced the art of manifesting Healing Power and who have developed a tremendous capacity for holding a mental concept which is comparatively free of imperfection. This has developed into a science by which that concept, through a trained and powerful practitioner, can be injected into the consciousness of the patient and accepted by effort of human will.

"However, almost without exception, you will find that when the individual who is rendering the service is removed from the Earth in so-called 'death', the condition will either recur in the patient in that embodiment, or remain to be transmuted into Light in a succeeding Earth life. You see, through the ages, there have been recorded upon the etheric body many, many effects set up by causes of imperfection in thought and feeling. These outpicture later on the screen of life as diseases of mind and body. By effort of will, they are often pressed or forced back again into the etheric garment, but not transmuted into Light at inner levels. Therefore, you have no sustained and permanent purification of the lifestream.

"Those healers who render a service of a permanent nature (like unto that of your Master Jesus, whom we honor in this Holy Week), use their feeling worlds as the "conductor" through which the Flame of Mercy and Compassion flows. Jesus embodied that authority in His oft-repeated statement, 'Thy sins be forgiven thee;' also, 'Take up thy bed and walk.' 7

"Now, these Flames of Mercy and Compassion stir within the breasts of many men and women as a vocation, although not all of them are necessarily spiritual healers. Many of these people act in the medical profession and minister in other ways to the minds as well as the bodies of the people. When we see these feelings stir in any individual, we know that we have a new candidate for our Cosmic Temples of Mercy, new students who are ready to be enrolled among the Brothers and Sisters of Compassion. We raise them to the point where their feelings become master of the energies which they contact.

"I would like to bring this to your attention today, because compassion is a positive quality. Sympathy is a negative quality. These two qualities are exact opposites. Sympathy, your Master Saint Germain has told you, is agreement with imperfection. What does He mean? He means that your Life Force, flowing through the silver cord from your Presence, rushing forth uncontrolled and attaching itself to a person in distress, immediately takes on the quality of that distress. Thus, rather than helping such a one, you weigh him down with more of the same quality of this unhappy energy by turning your attention and your sympathy (your qualified energy) toward him. You let the virtue flow out from you without control - you magnify and magnetize the distress.

"Compassion, witnessing the requirement of the moment, does not allow the feelings to leave the Heart Flame with an acceptance of the discordant appearance. It does not accept that there is a power greater than God. Then, in the masterful poise of that God-anchorage, the Healing Powers are drawn and projected to the one in need. All this time, your own Electronic Presence, through your feeling world, is in complete mastery of the condition or circumstance.

"For instance, in the case of an accident, if an individual with sympathy were to look upon a person whose life-blood was ebbing away, the sympathetic individual would probably faint, while the compassionate person would give immediate assistance to the injured one by stopping the flow of blood. It is most important that you understand this. . . ."

ON THE VIOLOET FLAME OF GOD'S LOVE

2 Messages from Ascended Lady Master Quan Yin

From: Acension Research Center

"I WILL NOT LEAVE YOU WITHOUT MY FLAME."

". . . There are those in the land who do not feel the Love of God. They do not feel the love of their brother and sister. For they have decided that, because of the hurt, because of the distrust, because of the lack of faith, they must seal themselves in a cocoon that is impenetrable - that no force will touch the heart again.

"There are those who talk loudly, and many times those who talk the loudest are the most hurt. And We recognize that it is a part of the process for them to release all that is pent, all that is guarded, all that is denied within their being. If these lifestreams are to feel the Love of God, if they are to feel the honor and the respect that you afford them, there must be a process of healing. There must be a process of wholeness. I stand with my arms outstretched - reaching into the very crevices of all of the areas where there are pockets of mistrust, hate, pain, anger, and all manner of desecration of the Light of God - righteously and unrighteously held. And I say righteously, beloved ones, for there are those who feel that they have been wronged, and that they have every justification for holding on to that wrong. But I tell you that it is not so. And it is not the way of the Lightbearer. For the Lightbearer must engender Light. There must be the reflection of the Light of your God Presence in all of your activities. And if it is not present, you will find that there are all manner of human conditions that will creep into your conversation, your feeling world, and your actions. It is a vigilance that must be guarded, and you must hold fast to the Light. For if you do not, and in an unguarded hour there are times when there is a riptide, or a thoughtform, or all manner of energies that are not your own - they will slip in and pretend to be your own. And before you know it, you will have acquired new thinking, new perceptions. If those thinkings and perceptions are not in accordance with the Heart, are not in alignment with the release of Light within your world, then you must saturate the Violet Flame through each cognized thought, each concept, each erg of energy, transmuting on the instant all that would stand to distort your vision, to distort the Image of Christ in Action.

"The Karmic Board has decided to release a sufficient amount of the Violet Flame, as Mercy's Ray, over all of those Lightbearers upon this planet - all of those who have felt justified in retreating into what they felt was a place of safety, but in reality it is devoid of Life. Yes, beloved ones, where God is absent, there is no Life. And those areas of so-called protection will only bring a later date, a pushing back of the time cycles for that lifestream to come back into the Oneness with their own God Presence.

"As this Violet Flame is released across the planet, it is directed into the thoughtforms of all of the miscreation that each of these precious ones are tied into. It is designed to dissolve, consume, and totally transmute the cause, effect, record, and memory of all that would be present. For I tell you, beloved ones, as long as there are mega-thoughtforms that you reinforce with your negative concepts, you will be tied in to the fullness of the negative outpicturing of the astral plane.

"The Brotherhood has sent forth embodied Messengers to proclaim the Reality of your God Divinity. We did not send forth those crying out in the land of doom and gloom and cataclysm. For beloved hearts, if you are in the Oneness with your God Flame, through the Holy Christ Self and your God Presence, there is no doom and gloom; there is no lack of abundance; there are no scars. For in the fullness of the Light of God, all is well.

"As I sit upon the Karmic Board, I AM called upon to look at the lifestreams on a regular basis who are the forerunners of the Brotherhood's Work upon the planet - and there is a continual review. It is not outside our gaze. We do not wait for a cataclysm to review all of the records. For very clearly, there is a pulse. There is a

guidepost that must be maintained. There are those who think that We have not seen - that perhaps We have been too far away to be aware of all the comings and goings, all of the negativity, all of the hurt.

"I would address this from My Office in the Karmic Board. For the true student on the Path of the Ascended Masters must realize that there comes a time when they have to stand in their own Light. This is not a path of training that you lean on your neighbor. This is a Path that is very individual. Coming together in Community in groups allows for the reinforcement. It allows for the reminding of the gentle reminders of the Immaculate Concept for each - but it is none the less an individual Path. And many times you will feel very much alone - separated and apart, as though no one understands what you are going through - until out of the clear blue someone walks up and says: 'Oh I recognize how you feel. Let me tell you a story.' And at the end of that story you realize that there is the Opportunity to move through that circumstance and that Initiation. For yes, someone has walked the same Path.

"This is why the Ascended Masters are ready to assist each of you. They know the steps that you take. They know the Path, for They have walked it. I know the pain. I know the uncomfortability, but I also know the Joy! And because I know the Joy in the Fullness of God, I will not leave you comfortless. I will not leave you without My Flame.

"If you are in need of any surcease in the battle, if there is a step on the Path that seems too difficult to take - but none the less you find you are forced into that situation, call to Me. I will not turn away. I cannot by Law, for I vowed to stay with you.

"There must first be the transmutation of all of the negative thoughtforms that are hovering over this entire area and over the entire planet - as a weight and a burden on the Lightbearers - not allowing them to feel the Love of God, not allowing them to even feel Mercy's Flame when extended. The Violet Flame Angels will be coming to each and every lifestream who has a Threefold Flame. It matters not if they know of the Ascended Masters. It matters not if they know of Kuan Yin or the Karmic Board. For each of these lifestreams is deserving of Mercy's Flame - for the encroachment upon their heart and upon their lives by the mega-force of this thoughtform.

"I tell you, beloved ones, it is absolutely essential for you to direct your Violet Flame calls throughout this planet so that each of the lifestreams that are ready for an awakening of consciousness - who are ready to receive the outer understanding of the Violet Flame - have the Opportunity to feel It, to know It, and then to become It.

"Your Work, and the Work of the Ages, is to Keep the Flame and the Vigil on the Altar of your Heart for those who are yet to be awakened. It is a responsibility that you vowed at inner levels to take on. Those in Ascended Master Activities particularly knew exactly the Mission and the Goal. Yes many even knew the anguish and the turmoils that they would be caught up in. But I tell you - how better to prepare for a Golden Age than to see what not to do?

"When the energies of disregard of the Holy Christ Self in each of your brothers and sisters is allowed to run rampant, there is a corresponding reaction. And that, beloved ones, comes about in the shutting down of the Heart - the guarding it so tightly that no one will ever touch it again. This is a great pain to the Heart of the Ascended Masters.

"For those lifestreams who would like to cry the loudest that they have been hurt lost sight of the Goal, lost sight of the Mission. For the Mission was not to be caught up in any form of idolatry. The Mission was, and still is, the Ascension in the Light! . . . "

". . . Beloved ones, this Violet Transmuting Flame is the full Power of God in Action to wipe out the causes and cores of all human mistakes, regardless of how, when, where, why or by whom they were made. Its Light and Flame never fail to act instantly at your call. The only appearance of delay or failure there can ever be anywhere is for the vacillating outer self of the unascended to give up too easily and too soon. Keeping everlastingly at it brings success.

"You know, Light manifests instantly for all of Us! Now, why does Light manifest instantly for Us and seem to require time and patience on your part to await Its manifestation in your worlds? Because, beloved ones, We have become Its Own Purity and Perfection, and in Our Personal Worlds (as well as in Our Realm of Life) there is naught of human shadow to obstruct or delay Its instantaneous manifestations. Do you see? At your earnest calls, Light answers you instantly and goes direct (for It is Intelligent Substance) to the person, place, condition and thing to whom and to which it has been directed in the world of form. . . . "

". . . Now, this Violet Transmuting Flame consciously called into action does actually dissolve (like water dissolves salt) those unfortunate condensations of distorted form created by the "human" but, again, the speed and intensity of Its Action depends largely upon the feelings of earnest sincerity, faith and loving gratitude in the consciousness of the one calling it forth. Then, too, since the Violet Fire is actually God's Memory of Perfection, It does more than just dissolve those forms. It actually sublimates (refines by Fire) and then transmutes into the pure Light Essence from whence it first came forth all that shadowed energy, returning it to the Sun for repolarization.

"Gentle, yet tremendously Positive, Determined and Persistent is the Nature of God-Patience, which is One of the many Virtues contained within the Flame of Mercy from on High. For centuries before My Ascension, I so dearly loved and developed the Virtue of Mercy until I became the Embodiment of that Quality Myself. Within Mercy are also Faith (knowing the inevitability of Perfection made manifest); Hope (holding to the Immaculate Concept until it appears); and Charity (that love which will never let go of the loved one or the needs thereof until eternal Perfection manifests all ways). . . . "

". . . As heart friends and true companions of the Ascended Host on earth, should not all our beloved chelas endeavor now practically and daily to express the most loving patience with those human appearances as yet

not transmuted in and around themselves and each other? I can help you to do this if you want My help! Call directly to Me whenever those human feelings would express through you and ask me to give you my feelings of loving, patient mercy toward them. I will give it to you if you will try to feel it. Then hold the Vision of Divine Mastery for yourself and others until that Mastery does manifest.

"Let us make you a perfect outpouring and outpicturing of Our Gentle Patience with all Life. We are never any farther away from you than your own heartbeat and We answer your every call. Believe that, for it is true! . . . "
