

A CHRISTMAS/SOLSTICE OFFERING

The Great Cosmic Angel

The Great Cosmic Angel

Picture: Inspired Christian
Technologies, 1950s, USA

*“Oh Most Precious and Loving HEART of
the INFINITE ONE
the ALLNESS OF GOD, the GOOD, the
GREAT PRESENCE of all LIFE
the I AM THAT I AM”*

In this blessed Season of Becoming, feel for yourself and all Humanity the Love that comes from the beloved Cosmic Angel as a Living Flame of God’s Love and Purity to your life and world. On whose crown blazes the word, “Union”, the Great Cosmic Angel will clothe you with a mantle of indescribable power for your Freedom from the bonds of human consciousness, instilling your Soul with determination to embody your highest Divine Human Potential. Ask this angelic sacred fire love to sustain in your life, family and community... the light of God that never fails.

As far as I can tell, the Great Cosmic Angel is related to Archangel Michael. What we know of Beloved Michael is that he is the Prince of the Archangels, the First Angel of God, nearest to the Throne of Heaven. He is one of the Trinity Lords of Light, the other two lords being Lord Metatron and Lord Melchizedek. All three are right up there next to the Godhead at the Highest Dimensions of Absolute Reality. It is their role to bring Light and Unity to all the lower dust worlds and to manifest this Divine Light in all Realms of the Father’s Heaven.

There are in some places a reference to “The Great Cosmic Angel,” but they are in passing commentaries and also are linked to “Micca,” who, in one place, was purported to be the “son” of Michael and Faith. Having no idea to the veracity of this, I leave it to you, the reader, to determine who and what the Great Cosmic Angel may be.

All the Archeon, for example, talk about the “ascended Hosts” and the “Adam-Kadmen” form of which we are made “in the Image of God” and the Power and Presence of the Sacred Fire within each of us (i.e., messages from Adelpia). There are also references to not only this “Son” Universe, of which we are all a part in the Creation of this Great Cosmic Day, but other Universes of Creation, such as the Parent or “Father” Universe, the multiverses and the shekinah microcosmic universes – of which we know little or nothing. In a message from Michael (directly following this reflection), there is a description of the Twelve Thrones of all the Company of Heaven and that begins to fill out the picture just a bit.

The following quote from *The Book of Knowledge* may also shed some light on the engagement of Cosmic Beings who guide our transformation into the Realms of Light. Remember that there are “Celestials” and “Terrestrials,” of which we are still but the latter in form. Once we ascend into our Higher Light form, our Christ LightBody, we will have joined the Realms of Light and the upward journey to complete reunification with Source. Once we assume our Adam-Kademn form, we too will dwell in these higher planes and live and work and play and pray, and all that we will do in the Joy of One-Unity God Consciousness. This is not an ending, but the beginning of our great Return!

The Keys to Father universes are to explain how the Mansion worlds of the Father are connected to the Divine Creators, creating new universes through cosmic pyramids of Light. The Keys to Son universes explain how the biological codes of the Christ Race are to evolve into the image determined by the Father through the Paradise Sons and not through the lesser forces of Light. The Keys to Shekinah universes explain how the spiritual gifts of the Holy Spirit will be given to the Christ Race so spiritual Man can work directly with "whole Light beings" — the angelic messengers who will prepare the righteous of the earth for the Council of Light which will be established upon the earth at the time of the new heavens and the new earth.

All three divisions are served by the Brotherhoods of Light under the direction of the Brotherhood of Michael, the Brotherhood of Enoch, and the Brotherhood of Melchizedek, which direct the seventy Brotherhoods of the Great White Brotherhood.

The seventy Brotherhoods serve as a field of intelligence in the repairing of the universes so that they can evolve into the infinite wisdom and glory of the Eternal Mind of YHWH. ... The spiritual child of God has a Christed Overself Body of Light. And when the spectrum of the Word of God activates your body to participate in many dimensions simultaneously, your Christed Overself fulfills the words of Revelation: "Happy are those who wash their robes, that the authority to go to the trees of life (plural) can be theirs and that they may gain entrance into the city by its gates. ... Let the Ancient of Days in unity with the Recent of Days, prepare a place where the Son of Man can lay his head in revelatory unity with the sons and daughters of the Bridegroom. Let the Am Soph gather the lights of creation from all relativities and divine attributes. And let the cosmos of supernature be revealed within the cosmos of nature for the Shekinah's reign upon the Earth. May the radiations of Light pierce all veils and all manner of limitation so that the brilliant energy within our mind awakens to the fullness of all mysteries.

excerpted from *Introduction to The Book of Knowledge*, J. J. Hurtak

Message from Lord Michael

Today there is great joy in my heart, and great joy in the other six Archangels who are part of the Great Cosmic Law that governs this system of worlds. That there may be no confusion in your hearts, there are indeed Twelve Thrones of each of the God Deities in the Great Central Sun where your Heavenly Mother Father reside. They are the Twelve Thrones of the Archangels, the Twelve Thrones of the Seven Mighty Elohim of the Twelve Mighty Elohim of Creation, and the Twelve Thrones of the Ascended Master Chohans, and finally the Twelve Thrones of the Great Goddesses, the Ascended Master Lady Presence. But since your Earth is only in its Seventh Evolution, and now beginning to be governed by the Seventh Ray, only seven of the Twelve Thrones pertain to the evolution of Earth. Ye are not expected to be perfect, but ye are expected to know that the requirement of Life is Love and Harmony. And if you will make that effort in Love and Harmony, and hold within yourself the desire that your own Great God Presence come forth and fulfill itself through you. ... If I was you I would call forth all manifestations of the Sacred Fire -- the Cosmic Blue Flame, the Violet Consuming Flame, the Cosmic Christ Blue Lightning, the Mighty Healing Rays, the Violet Ray, the Golden Flame, the Golden Ray, the Rose Pink Ray -- these are all activities of the Sacred Fire. And I would call forth into your lives, your homes, your loved ones, all manifestations of the Sacred Fire from your Great God Presence, the Angelic Host and the Great Ascended Host. And make the call, every day, as often as possible, and you will have the tangible proof, my Dear Hearts. You will have the tangible proof and all manifestations of the Sacred Fire will purify the energy of your homes, your vehicles, the environment around your body, and then, my Dear Hearts, you will see us. You will see the visible, tangible Presence and you will see that we are closer than breathing, and nearer than hands and feet.

You can no longer wish the visibility of the Ascended Host when the atmosphere that is around your bodies, your homes, is so impure, and it is because of this impurity that you do not register the Fifth-Dimensional vibration of an Angel or an Ascended Master Being.

And if you will call, in your prayers, in your desire side of Life, all activities of the Sacred Fire, into yourself, your homes, your atmosphere, your vehicles, your workplace, as the great Transformation Power, my Dear Hearts, you will prepare yourself for a whole new life; prepare yourself for the end of death; prepare yourself for the visible tangible presence of the Angelic Host amongst you. And prepare yourself to know the past cannot touch you, while the Presence opens you to a great possibility of Eternity. ... you are accustomed to the power of prayer, and what we are asking of you is ten to fifteen minutes a day, in which -- not so much prayer, but that you consciously speak to us as I am speaking to you today. That you call to us:

My Beloved Great God Presence, Beloved Archangel Michael and your Legions of Angels, fill me, fill my Self, fill my Being and my world, with all manifestations of your Sacred Fire that compel the dissolution, the consumption, of all density from my being and world; that compels the purifying of every impurity. Archangel Michael and Your Legions of Angels, release your Sacred Fire Love through my being and world, that will purify my mind, my body, my feelings and my world. And place a focus of all the manifestations of your Sacred Fire, your Cosmic Blue Flame, the Cosmic Christ Blue Lightning of Indestructible Purity and Power, and the Cosmic Action of the Cosmic Christ Violet Consuming Flames into every area of trust and influence of power, seats of government, hospital, churches, academies, universities, and all places that are Sacred to the Earth. And to bring forth your Sacred Fire Love and Protection around the new-borns, the new Lifestreams, and all that must be protected for the incoming Golden Age.

...Never fear the Sacred Fire. It is that which gave you life, my Dear Hearts. Unseen to you but felt by you, you have this mighty Cosmic Furnace that resides right here in your chest, that Mighty Golden Flame that has been given many names: the Indwelling Christ, the Master Presence, the Ascended Master Within, the Only Begotten Son, the Father Within. This is the Holy Flame of Life, the Holy of Holies. It is that which your consciousness springs forth from, and it is that which gives you the ability to govern, not only yourself, but that Flame's future expansion, in which it will be all Light, and its Light will manifest all things in your life. You can never have too much of the Sacred Fire, for the Sacred Fire loves to purify, loves to harmonize, loves to reorganize, loves to restructure, loves to realign, until everything is in Divine Plan.

Let yourselves not move into the sleep and you have entered into the prayer and you are lying in your beds:

Mighty Presence of Life, I ascend unto thine arms while my body rests this night. And may you send the Angels; may the Angels come and may they be no stranger here in my bedroom. May the Angels come and sit on the bed all throughout the night, and may they administer unto my body so that when I awaken in the body, all that is required to be completely reborn, in spirit, in strength, in a body that carries the Life Force well.

Because I dedicate my life to the Divine Plan that my Great God Presence has for me. I dedicate my life to the Divine Plan that the Ascended Masters have to save humanity.

As you awaken in the morning, declare your sovereignty:
I come into this day in God, with God, by God and for God. I live this day in God, with God, by God and for God. And I am God-Illumined, I am God-Victorious. I am God-Invincible. I am God-Health. I am God-Supplied, I am God-Free. I am God-Victorious. And I close this day, in God, with God, by God and for God. And I am grateful.
The Law commands that ye must ask, and ask and it shall be given to you. And just remember those keynote words that I have left with you tonight — All manifestations of the Sacred Fire into yourselves, your affairs, your world, and into your nation. And keep asking for this and asking for tangible manifestations, so that you can experience the Love, the Joy, the Bliss and the Perfection that this will bring to you. And I assure you that you will agree that we have introduced to you tonight the greatest gift of Life itself, the Sacred Fire Love from our Heavenly Mother and our Heavenly Father. God Bless you and Namaste.

Michael, Message Regarding the Great Cosmic Angel of Unity

Moses with the Ten Commandments

Painting of Moses presenting the Ten Commandments to his people by the painter Raphael; The Vatican, Rome, Italy

Incarnations

- Moses
- Ananda
- Lord Ling

Divine Quality: Happiness

- Formerly Chohan of the Fifth Ray, until Hilarion assumed that Office
- Teaches adherence to the Laws of God & Expands Happiness in receptive hearts

Historical References

- Ikhnaton, a previous embodiment of the Ascended Master Lanello set the stage for Jewish monotheism. Some have theorized that the monotheism of the Hebrews was founded upon the Egyptian pharaoh Ikhnaton's worship of the One Sun God, Aton, (symbolic of the Great Central Sun of GOD THE ONE) which he established in the fourteenth century B.C. In about 80 A.D. the Jewish historian Josephus quoted Manetho, an Egyptian historian, as stating that Moses was a priest of the Egyptian city of Heliopolis who became the leader of a group of "heretics" (i.e., the Hebrews).
- According to Hebrew tradition, Moses was raised in Egypt and is said to have been educated "in all the wisdom of the Egyptians" at Heliopolis (the biblical city of On). Summarizing this theory, Robert Silverberg writes in his book Akhnaten: The Rebel Pharaoh: "Since Heliopolis was the center of the solar cult of Re, out of which Atenism developed, the wisdom Moses would have learned there could well have been the monotheistic solar worship that theologians of Heliopolis had pondered since the days of the Old Kingdom." Others argue that the dates of Moses and Ikhnaton are not at all certain and that the Exodus of the Hebrews may have occurred a century before Ikhnaton. In 1939 Sigmund Freud published Moses and Monotheism, in which he claimed that Moses was a native Egyptian and disciple of Ikhnaton who taught the religion of Aton to the Israelites.
- While in the desert with the Israelites, Moses was made aware of His own Mighty I-AM-Presence and also that the real Name of God was "I AM". It was then that He received the statement "I AM THAT I AM".
- Some time after passing through the change called death at the end of His physical embodiment in the land of Moab, Moses reembodyed. He was in India with Gautama Buddha as Ananda. In that embodiment, He learned that service must be rendered in Love - which makes for Happiness.
- Moses re-embodied in China where he was known as Lord Ling. He Ascended at the close of that lifetime.
- He now is known as the God of Happiness, having dedicated Himself to this aspect of God to focus an overcoming momentum of the Victory of Divine Love and Happiness.
- Upon attaining the Victory of the Ascension, Lord Ling became One with His Beloved Mighty I AM Presence. Beloved Lord Ling is now an Ascended Master - a part of the Ascended Host of Light.

Message from Lord Ling/Moses

One of the Paradise Sons of God

Perhaps you would like to use a Decree something like this:

Beloved Mighty Victorious Presence of Almighty God I AM right within my beating Heart, I love your Happiness! Help me this day and always to dedicate my life, all energies of my entire being to the drawing forth and surrounding myself with your Flame of God Happiness. Saturate my entire being and world with Its Substance and Feeling and help me to enfold all Life I contact this day in Its Glorious Radiance of Golden Flame from the Heart of beloved Lord Ling, God of Happiness. Keep this eternally sustained, all-powerfully active and ever-expanding until all are wholly Ascended and Free!

If you will make this Call earnestly and consistently every day, giving me your attention for a few moments so that I may answer it for you, I assure you that you will soon come to a point where rather than allowing discordant energies of the outer world to touch you when you enter the atmosphere of others, the radiation of your energy will be master control of all Life you contact.

By some daily attention upon first your own beloved I AM Presence and then Myself, magnetize the feeling of Happiness, dear friends. Every personal Victory of Master Jesus over limitations and distresses of this world contributed a Radiation of Happiness from Himself not only to His own Life but to all life about Him, His Mother, His disciples and then radiating out to Bless all Life. Think of the Happiness of lepers whom he made whole again, of the so-called dead brought back to life again by His use of God's Resurrection Flame. All such feelings are just energy qualified by the very essence of joy. single like attracts like those feelings arise and are drawn into the sphere of Happiness which is my honor and privilege to guard, directing its substance and feelings to any lifestream who will call for them. In this sphere is contained the feelings of Happiness of the Angelic Hosts and the laughter of the Gods.

Have you thought upon the Happiness of every lifestream who has been given the Ascension under the Dispensations which have been granted by the great Cosmic Law, having rendered during their embodiment here on Earth certain impersonal service to life to the best of their ability through the giving of tremendous freeing decrees for some years past? Some of these lifestreams left Earth for the last time from bodies which were wracked with great pain and suffering. would that you could know of their feelings of Gratitude when they knew themselves to be eternally Free! The carefree laughter of every child on Earth and the Joy from every soul to whose Happiness you have contributed in your personal associations, all of that energy has come into Our Realm and become part thereof. By your faithful and loving service to the cause of Freedom all through these many years, you have made much Life Happy, not only here on Earth but in Higher Realms as well. Just think for a moment of the Joy which is felt by beloved Alpha and Omega when you sing your loving Gratitude to Them in your song to the Great Central Sun! Many who now sing those words had never even heard the Names of those Great Beings before!

"You have also made your God-Parents happy, beloved Helios and Vesta in your physical sun. Think of the Happiness in their Hearts when you are cognizant of Them and send Them your sincere feelings of Gratitude. Do you realize that you have added too to the Happiness of beloved Saint Germain, Jesus, Mary, Morya and All who are serving together to raise Earth into Freedom's star? Now We would like to reverse this procedure and give these feelings of actual substance of Happiness back to you, Qualified and Amplified by Our Feeling of that God-Virtue! Remember! When your inner bodies are completely Happy, your physical forms will be Buoyant and Luminous expressing Perfect Health, Eternal Youth and Beauty. You see, the physical body is but the repository of all vibratory actions of your inner bodies. Therefore if you are sincere in wanting to be an exponent of Eternal Youth and Beauty and the Magnificence of the Divine Expression of Perfection of your own God-Self, please remember Me!

Keep your mental body alert to refuse acceptance to some tramp thoughts or feelings of discord should they come knocking at the door of your consciousness for admittance. These may be just something floating in the atmosphere, they may come from a friend, from the radio, from television or newspaper! Be alert and give admission to your world only to that which will keep you Happy, Free, Buoyant and Poised in God-Mastery at all times! In the Name of the Most High Living God, I AM, in the Name of all Life which has ever contributed to the Cosmic Happiness of creation since the beginning of time, I now pour My Happiness Flame through this group of beloved students of Light who desire to radiate God-Happiness to their fellowman. I now pour My Happiness Flame through their physical, etheric, mental and emotional bodies, and since all life is one, I pour My Feeling of Happiness through them into the people of Earth as well. According to your acceptance of this Blessing shall it manifest for you in daily expression. Just know that I shall hear your every Call and shall happily answer it instantly with My Feeling and Flame of that Happiness which I AM!"

--Beloved Lord Ling: through Geraldine Innocente,

Have the Happiest and Holiest of Solstice/Christmas Tides!
