

As we talked about the 352 Levels of God Consciousness last year in our Ascension Master Class, I suspected that many of you were somewhat familiar with this concept. But just to refresh your memories, I will say just a bit about what the Melchizedek is and what the 352 Levels of God Consciousness mean to us on the “gross plane” of existence.

To begin with, there are 49 dimensions contained within this Cosmic Day, what we understand as “the Universe.” This is a “creation” of the Mother-Father God, the Creator Most High, First Cause or the Godhead. The Godhead has no God above God and is the Uncreated One, the Source of All that Is, that which we call Mother-Father God, as the energy of the Godhead embodies both the Divine Masculine Principle and the Divine Feminine Principle.

The Melchizedek is a Being of Great Light and, hence, is as close to the Godhead as it is possible to be without merging back into Source Light. If you think of the Universal Order as a pyramid with the Godhead at the apex, then Melchizedek would be directly under that point, together with Lord Michael, the First Angel of God, and Lord Metatron, the Keeper of the Super-Conductor Electron. These three Lords are the “Trinity Lords of Light,” and they directly serve the Godhead in this Universal creation and also in many other of God’s multiverses. Below them, all orders of creation exist. The Melchizedek stands just below the Godhead, which I will now refer to as “Source,” as that is the most frequent reference in the Brotherhood to the Creator of All That Is.

Melchizedek is at the 351<sup>st</sup> level or “rung” of attainment. To put this into perspective, once we here on the earth plane take our seven or nine planetary initiations or “levels/rungs,” we have a mere 343 levels to go to once again merge with Source – or 342 if you are thinking of only attaining the level of the Melchizedek right off the bat. So *Service to God in Life* is a very serious undertaking and not at all completed with our Planetary Ascension. In fact, all the Planetary Teachers who stand just above us and those Solar, interstellar, Galactic and Cosmic Master-Teacher/Beings of Light above them all are on a journey up the 352 Levels back to God-Consciousness as well. So when we ascend and take our place in Service to God in Life, we give our service first to our planet and are elected into the office of the Hierarchy at the level of the now-current Planetary Teachers who are assisting us. In turn, they move up one or more rungs of the ladder. This goes some way to explaining why there is some movement within the different departments of the Hierarchy.

This is why, for example, that Master Serapis was once the Chohan of the 4<sup>th</sup> Planetary Ray of “Harmony through Conflict” and now has moved up to the 3<sup>rd</sup> Planetary Ray of “Divine Intelligence,” working directly under Master Saint Germaine, who is in charge of Earth’s Ascension, while, at the same time, is the overseer of the four remaining 7 Rays. It also explains why there is a planetary Christ, a Solar Christ, a Cosmic Christ and, finally for our Universe, a Universal Christ, which by the way, the Melchizedek is, as he is the White Rider on the Horse that will sweep the Heavens and bring the Divine Light of Christ/Heaven down to the lowest dimensions of existence.

As you might guess, this process of ascending up the Cosmic Ladder, Jacob’s Ladder, if you will, will take a very long time and may go beyond this Cosmic day. Or not. But becoming a Being of Light, a “B’nai-Or” is being a part of this universal Order of the Brotherhood, and all who ascend may choose one of three Orders of Service, one of these orders of Service to God being the Brotherhood of the Light in the Order of Melchizedek, who are specifically dedicated to Service to God in Life working with the consciousness awakening and reprogramming of light in the lifecycle of the planets, assisting all those beings who remain unascended. The other two orders, as far as I can remember from the *Book of Knowledge*, are: the Order of Michael, whose Service to God in Life is to Protect and Defend the Realms of Light in this Universe and beyond, and to Protect the Law of God, which is “Universal Law; while the Order of Enoch works with the scientific teachings and keys necessary to evolve starseed evolution and to build pyramids and pyramidal grids of light upon the planets, which, in turn, connect that planet and all life thereof with the Creations of Light and the Brotherhood of Light; e.g., the interconnection of all sacred planets.

Before I close, I want to say just a word about the Trinity Lords of Light, of which Lord Melchizedek is one. These Lords stand just under the Godhead, as I said above, and their power to assist all life in their upward ascension is supreme. Archangel Metatron, who is talked about in the Jewish Mystical Texts, as well as the Upanishads, is a great Lord/Archangel of Light. In fact, he is in charge of all Electrons, including the super-electron. This means that he governs all Light in the multiverses, all energy that is created therein. It is through his loving kindness and his supreme Love for us (and all life) that he delivers ever increasing frequencies of Light to our third-/fourth-dimensional bodies, and he does it at extremely gentle, slow increments, never giving us more than we can handle.

Lord Metatron will also increase his Light transmissions, the “Light Quotient,” as we request it, but only after we are firmly fixed upon the path of Ascension and it is safe for us to receive and “handle” more Divine Light. – Remember, we are not talking here about “sunlight,” although this Divine Light does come down, is stepped down, through our Solar Logos, Helios and Vesta, our physical sun. Next is Lord Michael, and although we all recognize his name and his position as “first” Archangel of God, we don’t really have a concept of just how powerful, Loving and Majestic he is. You might say that he is the Angel who could stand in for God, as he is so close to the Source Light of All that he is the Champion of the Mother-Father God. Do you see how fine and loving he can be, as he never has presented himself throughout the Ages as anything but Loving and protecting of us. That is yet another example of how much the Father Loves us. So you can see how these three Trinity Lords of Light embody the Consciousness of God in Service to all Life and have our best interest at heart, and, in fact, the best interest of all God’s children!

Soon we will be talking about the seven Sacred Elohim who are also part of the Cosmic Order, this Divine Pyramid of Light and Service. So stay tuned.

from the Heart of Mother-Father God I send you Love and Blessings of Light,
